

WHAT IS A SCHOOL-FAMILY COMPACT?

A School-Family Compact for Achievement is an agreement that parents, students, and teachers develop together through collaboration and feedback. It explains how parents and teachers will work together to make sure all students reach grade-level standards. Meetings are held each year to review the compact and make changes based on the student needs.

JOINTLY DEVELOPED

Parents, students, and staff partnered together to develop this school-family compact for achievement. Teachers suggested learning strategies to help students succeed in the classroom; parents added input about the at-home support they needed; and students told us what would help them learn. Parents are encouraged to attend annual revision meetings held in the spring each year to review the compact and make suggestions based on student needs and school improvement goals. Parents are also encouraged to participate in the annual Title I parent survey that is used to collect parent feedback about current Title I programs and plans.
