

Amana Academy is seeking teachers with a sense of adventure and curiosity to work in a diverse, supportive and collaborative environment. Established in 2005, our demonstrated track record of empowering students to do more than they think possible has resulted in Amana being among the most well-regarded public charter schools in the state of Georgia.

We use the Harvard-based [EL Education](#) model as the foundation for our cross-curricular STEM program powered by design thinking. EL provides a holistic framework for measuring student success, placing as much emphasis on character development and quality craftsmanship as it does on academic achievement.

Our flagship campus is located in Alpharetta and is authorized by Fulton County Schools and the Georgia Department of Education. It is open to students in grades K-8 who reside in the Fulton County Schools district. Our new West Atlanta campus, opening in August 2022, is located in Mableton and is authorized by the State Charter Schools Commission. In its inaugural year it will serve students in grades K-3 residing in the state of Georgia. Both campuses are tuition free.
